

Walden Local, Inc. Beef Cattle Supplier Affidavit

I _____, certify and guarantee that the beef cattle or beef products I am selling Walden have been raised according to the following criteria:

- Grass and forage are the only feed source consumed for the lifetime of the ruminant animal, except for milk consumed prior to weaning.
- Diet is derived solely from forage consisting of grass (annual and perennial), forbs (e.g., legumes, Brassica), browse, or cereal grain crops in the vegetative (pre-grain) state.
- Animals cannot be fed grain or grain byproducts (including Dried Distiller's Grains (DDG's)) and must have continuous access to pasture during the growing season. Hay, haylage, baleage, crop residue without grain, and other roughage sources may also be included as acceptable feed sources. Routine mineral, molasses, apple cider vinegar and vitamin supplementation may also be included in the feed regimen.
- If incidental supplementation occurs due to inadvertent exposure to non-forage feedstuff, or to ensure the animal's well-being due to adverse environmental or physical conditions, I will fully document (e.g., receipts, ingredients, and tear tags) the supplementation that occurs including the amount, the frequency, and the supplements provided; any such treated cattle will **not** be sold to Walden.

Furthermore:

- Cattle have never been fed or injected with any sort of artificial hormone, steroid, or growth enhancer.
- Cattle have never been fed or injected with antibiotics for any reason.
- Cattle have never been fed animal or fish by-products at any time (e.g., bone meal, hog fat, etc.), or any Genetically Modified Organism (GMO)
- Cattle have been raised on synthetic pesticide / herbicide free pasture during the growing season (at least 120 days), and fed only approved forages (no grain, no mature corn silage, no DDG's) during winter.
- Cattle have been humanely handled in loading, trucking, and restraint; no electric prod of any kind has been utilized.
- Cattle have been raised in compliance with the Walden Regenerative Agriculture Standards.
- Cattle are "A" Maturity, 30 months of age or younger. No animal in this lot was born before (MM/YYYY):

- No market-weight animals were purchased at auction.

Supplier Affidavit

I, the undersigned authorized representative of the Supplier named below, being duly sworn, depose and say that I have read the foregoing affidavit and that the statements contained herein are true and correct to the best of my knowledge, information, and belief.
